Andy Coles Martlesham

Thank you for coming to our concert

Dear Friends,

Welcome to our first concert performance at St. Mary's Church, Coddendam.

We have been planning, arranging, rehearsing, and getting excited about the concert tonight since early summer. We love the venue and sincerely hope that you enjoy our music-making in this wonderful venue.

Our musicians tonight have extensive concert experience, performing with a wide range of groups, both locally and nationally. All the music in the concert has been selected from our favourite compositions.

We also have composers and arrangers on our team, and they have been kept busy preparing the music. The pieces involving the brass have been specially arranged (by the team) for you tonight, with some designed to include the organ to make full use of our forces.

May we say a big thank you to you, our audience, for coming to support us here at St Mary's Church. We hope to come and see you again sometime in the future.

With warm regards,

Ian, Sarah, Georgi, Lawrence, Dan, Ian, and Andy
